# A SAFE AND SECURE SINGAPORE FOR ALL

OVERVIEW OF 2017 SAFETY AND SECURITY SITUATION

## TRENDS OF CONCERN

However, there are some areas of concern. These include:

Increase in cases of Outrage of Modesty

Increase in Internet Love Scams;  
E-commerce Scam cases remained high

Increase in emergency medical service calls

The proportion of young drug abusers  
among new abusers remained high

Fires involving electric scooters,  
electric bicycles and other  
personal mobility devices

More traffic accidents  
involving elderly pedestrians  
who jaywalked

Motorcyclists continued  
to be over-represented  
in traffic accidents

# A SAFE AND SECURE SINGAPORE FOR ALL

OVERVIEW OF 2017 SAFETY AND SECURITY SITUATION

The Home Team, in partnership with other Government agencies, has made good progress on the SGSecure movement.

The Home Team will continue to build on this momentum to sustain awareness of the terror threat.

SGSecure concepts introduced into P3 and P6 curriculum

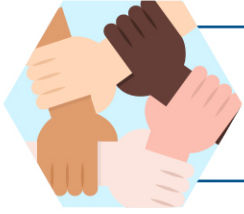

> 170 School talks and exhibitions conducted

55 Emergency Preparedness (EP) Days organised

300,000 Households engaged

45 large religious organisations engaged through the SGSecure Community Network

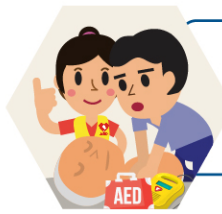

> 3,400 Organisation representatives reached through Counter-Terrorism Seminars

We will also work to enhance the preparedness of our people and our institutions for an attack.

54 IRCC table-top exercises conducted

Introduced CPR-AED awareness programme into secondary school curriculum

> 55,000 Employers received SGSecure Guide for Workplaces

35 Crisis Response Exercises conducted

Human Emergency Assistance Response Team (HEART) now cover all constituencies

> 1.3MIL Mobile devices equipped with SGSecure App
